

Saddle Creek Road & Leavenworth Intersection Improvements

Welcome!

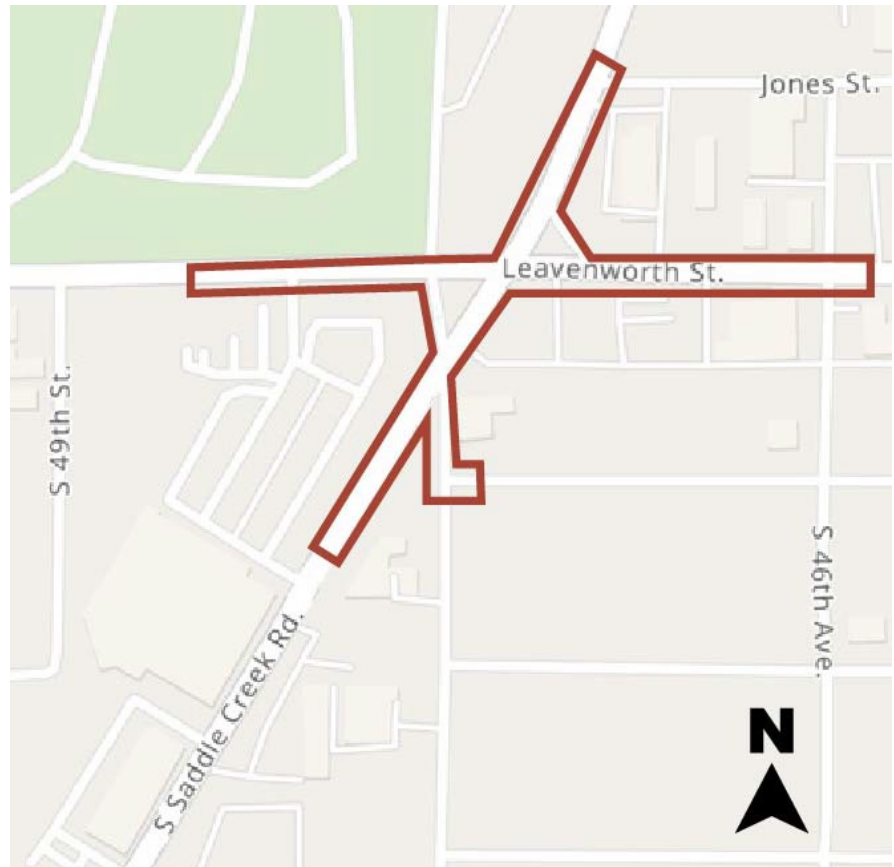

The purpose of today's meeting is to provide information to the community regarding the reconstruction of the Saddle Creek Road & Leavenworth Street intersection and the opportunity to meet key members of the construction project team.

Project Background

Saddle Creek Campus Public Improvements is a joint venture between UNMC and the City of Omaha. As part of this project, the Saddle Creek Road and Leavenworth Street intersection will be improved to better serve the commuters, area businesses and accommodate the additional traffic expected from UNMC's campus expansion. Additionally, the reconstruction of the Saddle Creek Road and Leavenworth intersection will improve both traffic flow and traffic and pedestrian safety.

Proposed improvements include adding dual left turn lanes on Leavenworth St., increased capacity for left and right turn lanes, new traffic signals, sidewalks, driveways.

Project Limits

Improve safety

Improve capacity

Decrease congestion

Enhance Pedestrian Connectivity
